

## REMARKS

The present amendment reflects changes to the claims in addition to those made via Article 19 Amendment during the international phase of the above-identified application (as described in the English Translation of the International Preliminary Report on Patentability, a copy of which is filed concurrently herewith).

Claim 11 has been cancelled without prejudice to or disclaimer of the subject matter encompassed thereby. Claims 1-10 and 12 have been amended as described herein to remove multiple dependencies and for formatting. Accordingly, no new matter has been added by way of these amendments. Claims 1-10 and 12 are pending in the present application. The Examiner is respectfully requested to enter these amendments into the above-identified application.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 16-0605.

Respectfully submitted,
